

## Video Surveillance C-MOR15T+ Data Sheet

<b>Box</b>	
<b>Application</b>	Digital video surveillance for the use in networks or over internet for up to 15 network cameras
<b>Basic function</b>	<ul style="list-style-type: none"> <li>-Plug&amp;play installation</li> <li>-Permanent recording</li> <li>-Recording due to motion detection</li> <li>-Recording time up to 360 days</li> <li>-IP configuration either over web interface or front display of device</li> <li>-Use of up to 15 web cameras (Axis, Mobotix, Sony and many more)</li> <li>-Support of all IP cameras with JPEG/MJPEG standard</li> <li>-Time control of recordings configurable with time frame definition</li> <li>-Automatic FTP backup for archiving/data saving</li> <li>-Internet remote inquiry</li> <li>-Support of mobile devices like smart phones and cell phones with video player</li> <li>-User interface in English and German</li> <li>-Usage of alternate IP technics like WLAN and ethernet over powerline</li> </ul>
<b>Advanced C-MOR-Functions</b>	<ul style="list-style-type: none"> <li>-E-mail or mobile alarm at camera failure, vandalism or error</li> <li>-E-mail or mobile alarm at motion detection for each camera configurable separately</li> <li>-Motion detection recordings forwarding in e-mails</li> <li>-Automatic FTP backup for archiving or data backup</li> <li>-Internet remote access without any additional software and without installation on the local Computer</li> <li>-Usage of free definable black white picture masks for motion detection areas</li> <li>-Integration of external switches for door alarm, motion detection, temperature monitoring etc.</li> <li>-Support of mobile devices like mobile phones, and handies with live pictures in pre-definable picture sizes</li> </ul>
<b>C-MOR- Security Functions</b>	<ul style="list-style-type: none"> <li>-User rights in 3 steps; administrator, common user and demo user rights</li> <li>-Encrypted internet access over SSL</li> <li>-SMTP authentication for save e-mail-delivery</li> </ul>
<b>Standards</b>	IEEE 802.3 (10BaseT), IEEE 802.3u (100BaseTX), IEEE 802.3z (1000BaseTX), HTTP 1.1, HTTPS, FTP, MPEG1, MPEG4, JPEG, SMTP
<b>Ports</b>	2x Ethernet Gigabit, both RJ45, 1 RS232 Port, VGA Monitor Port (only for maintenance usage), USB Port
<b>Buttons/Display</b>	Front 6x push button field incl. double spaced display with 16 characters each, on/off toggle switch, reset button
<b>Certifications</b>	CE, ISO 9001, DIN EN ISO 14001
<b>Processor</b>	Quad-Core Intel® Xeon® 3220, 2.40 GHz
<b>Main Memory</b>	2048 MB
<b>Hard Drive</b>	2 x 500 GB SATA II
<b>Weight</b>	48lb
<b>Power Supply</b>	Internal 450 Watt, optional redundant power supply
<b>Dimensions (WxHxD)</b>	8,66" x 20,08" x 16,97"
<b>Warranty</b>	2 years
